Happy Dog Resort in Redlands

Happy Dog Resort
is your one-stop shop.

Whether you need a trustworthy team to care for your dog while you're on vacation, want your dog to socialize with friends for the day, or your dog needs a spa day of bathing or grooming– you can rest assured your dog will come home happy and exercised.

Day Campers (in "doggie daycare") play in the yards for the day with their dog friends and are picked up at the end of the day. With a staff member present in each play yard, the dogs are organized with friends of similar energy levels. Whether your dog has 0-60 mph zoomies, likes to wrestle, or likes to calmly socialize with friends, your dog's personality will match that of their friends, keeping everyone safe and happy. For those humans who work longer shifts or have evening plans, **Happy Dog Resort** offers extended care pick up from day camp, from closing until 10pm.

All dogs who are lodging also enjoy all day camp play during the day, and sleep in cozy suites at night, with humans on premises 24 hours a day. You are welcome to bring your dog's bed, blankets and toys or something that smells like home that will be kept in their suites. You are also encouraged to bring your dog's food to keep their tummies on the same schedule.

Baths and grooming can be combined with a day of play (called "Glamping!"), or as a stand alone, appointment-based service. All baths include a Blueberry Facial, ear cleaning, nail trim and brush out, and those that need haircuts are completed by skilled groomers.

Happy Dog Resort welcomes you to come in for a tour before 3pm, 7 days a week. Contact us today for more information!

Our focus is simple... make your dog happy.
